Surname _____

First name _____

Street _____

Country, postal code and town / village _____

Date of birth _____

Social security number _____

Declaration of beneficiary

If an insuree dies before reaching retirement age without any provision of benefits due to early retirement, then a lump-sum death benefit becomes due.

The entitlement to and exact amount of the lump-sum death benefit are regulated in the pension fund regulations and verified at the time of death.

The insuree may provide the Foundation with a written declaration changing the ranking of the beneficiaries within the same beneficiary category and/or specifying the division of the lumpsum death benefit amount among multiple beneficiaries with portions of differing sizes. The ranking of beneficiary categories cannot be changed.

If there is no written declaration from the insured person regarding the division of the lump-sum death benefit, the lump-sum benefit will be divided equally in the case of several beneficiaries.

Name, first name	Date of birth	Gender	Relationship <small>Ex. Life partner</small>	Proportion in %

total 100%
Notes

The declaration must be sent to the pension fund during the lifetime of the insured person.
